787 Lamar State College - Orange

ADMINISTRATOR'S STATEMENT

Situated on the banks of the Sabine River in Orange, Texas, Lamar State College Orange (LSCO) has provided educational opportunities to the citizens of Southeast Texas for over 50 years. From humble beginnings in an abandoned elementary school building, LSCO progressed into a dynamic institution that serves around 3,150 unduplicated credit students annually with quality instruction and personal attention.

LSCO is a two-year, lower division component of the Texas State University System. As an exemplary place of learning, LSCO offers both transfer and technical programs of instruction. The academic transfer curriculum is designed for students who plan to transfer to a four-year college or university in pursuit of a bachelor's degree. Students who want immediate entry into the job market can choose from over 20 different technical programs that are designed to meet the needs of the local workforce, including recognized programs in Nursing, Dental Assisting, Industrial Technology, and Information Technology. The College also offers an array of non-credit learning opportunities that range from hobby and personal enrichment course to customized workforce training. The workforce offerings meet specific needs identified by local industry partners.

We want the Legislature to know that COVID did not win against our student's pursuit of an education. The swift action of our faculty and staff made online learning a meaningful experience. Although most of our students prefer a face to face environment, embedded in our college experience is knowing the College is fully accessible to help them through the enrollment process and continue to the end of the semester no matter the modality of teaching. During COVID, our positive college experience remained constant. At a time when the inflation rate is the highest in over 40 years, the College offered a beacon of hope and encouragement to all our students by providing educational opportunities at no cost by using Institutional HEERF Funding and Institutional scholarships. This encouraged our student to not give up, resulting in the College exceeding prior biennium contact hours and doubling our headcount of our workforce programs.

Over the past several years, our beautiful campus on the Sabine has experienced significant positive changes. Some of the highlights include:

- Reduced tuition, fees and book 47% in the last 4 years thanks to the support of the Legislature.
- Increased workforce educational programs by 200%.
- Acquired a site location in Lumberton TX so educational opportunities will be more available to rural areas.
- Investing \$2.5 million in renovations for a Mechatronics Center.
- Partnered with a global leader in supplying tooling for the plastics extrusion industry for our new Electromechanical Technology Program.
- Provided over 50% of the \$4.1 million received in institutional HEERF funding for student financial aid.
- Received \$2.3 million in Texas Reskilling and Upskilling through Education (TRUE) and Governor's Emergency Education Relief (GEER) funding to purchase program equipment, support faculty enrichment, and provide mental health and student success support.
- Unveiled Gatemouth Plaza named in honor of Gatemouth Brown, a native son of Orange and world-renown, Grammy award-winning musician. Plaza will become the entrance to our new academic building made possible by the 87th Legislative Session.
- Introduced new 8-week course model designed to improve student success by decreasing burnout, allows more access to financial aid, and allows students to graduate and enter the workforce sooner.

LSCO is grateful for the continued support from the Texas Legislature. The Legislature's commitment to operational and capital funding is key to providing low cost, high quality educational opportunities. Given our unique structure in Texas as a 2-year college, LSCO asked and received an increase in our formula rate to reduce our reliance on tuition. The reduction in tuition and fees will continue to be impactful for our region and statewide. Given the state of our economy, your investment in us is even more important, so we thank you for believing in us. The College is also moving full steam ahead with our Capital Construction Assistance Project provided by the 87th

Administrator's Statement

787 Lamar State College - Orange

Legislative Session for our \$37.4 million academic building that will replace the College's 1908 academic building. The 52,000 square foot facility will give students access to modern classrooms and labs, the latest innovations in teaching technology, and a comfortable and safe environment. Additionally, the new facility will reduce maintenance and energy costs for the campus. It will provide a better learning environment for students and a better teaching environment for faculty.

The College fully supports the Texas Higher Education Coordinating Board's "60x30TX" initiative. LSCO is committed to providing programs and support services that will allow more Texans to realize the dream of earning a college certificate or degree. We are further developing our dual enrolled relationships with the five ISDs in our service area and ISDs within our State. We are developing new strategies to attract technical students and prepare them for career entry or more advanced College workforce and applied training upon high school graduation.

The College is requesting three (3) new exceptional items.

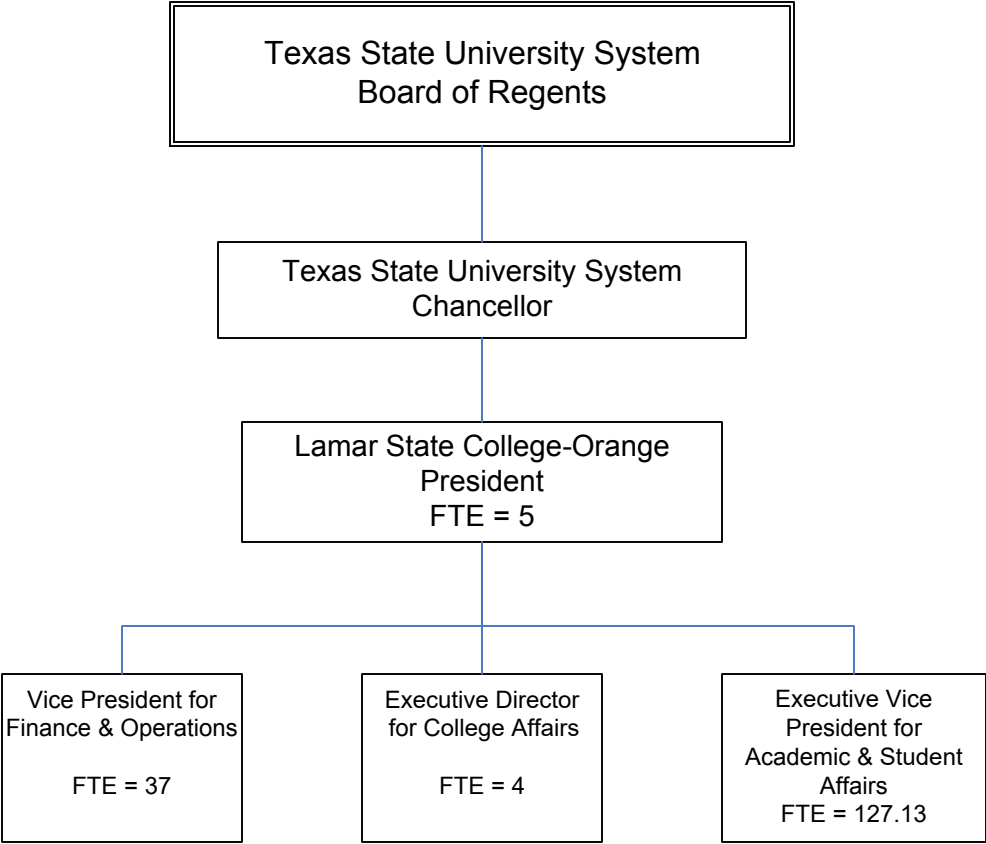

1. FORMULA FUNDING RATE INCREASE - \$7.20 to \$8.16. LSCO is requesting an increase of 96 cents per contact hour to the Instruction and Administration Formula for fiscal year 2024 and fiscal year 2025. The Legislature's commitment to the State College's success was evident over the last two sessions by increasing our formula rate so we could provide low cost, high quality educational opportunities to our region. As indicated above, the additional funding through the instructional and administrative formula would allow the State Colleges to maintain the tuition reduction for our current students, develop programs, and pay livable wages to our faculty and staff.

2. Lamar State College-Orange (LSCO) is requesting \$1,500,000 (750,000 per year) for program funding to support the development of a technical training center. In collaboration with Independent School Districts from the regions of Hardin, Jasper, Jefferson, Orange and Tyler counties, a Pathway in Technology Early College High School (PTECH) will be implemented. Career pathways of the technical training center will focus on high-wage, high-demand occupations for our immediate region. These high-demand occupations include construction managers, elementary school teachers, welders, vocational nurses, industrial machinery mechanics, and software developers, analyst, and testers. Students in grades 9-12 will graduate from the PTECH center and enter the workforce with an associate degree, level 1 or level 2 certificate, or an industry-based certification. There are many studies which state that over 60% of alumni from two-year Colleges remain in the geographical area and these degree holders contribute an average of \$81,000 more to local economies than the average high school graduate without College credits.

3. Lamar State College-Orange is requesting \$6,500,000 in funding for disaster mitigation for the College's Welcome Center. The campus is located in Southeast Texas along the Sabine River and less than 40 miles from the Gulf of Mexico. Hurricanes and flooding have become a regular occurrence in this area. On August 24th, 2020 Hurricane Laura entered the Gulf of Mexico. In the early hours of August 27th, Hurricane Laura visited the area as a strong Category 4 Hurricane attacking the gulf coast community of Orange, Texas. The small community of Orange, Texas sustained extensive damage and the College was no exception. The historic First Baptist Church on Green Avenue was donated to the College to be used as a Welcome Center but was heavily damaged during Hurricane Laura. To preserve the integrity of the building and maintain its historic appeal, Lamar State College Orange seeks this funding to cement the legacy of this building in its place in history, and moving forward, its purpose in a "new use" for the future – the focal point welcoming new students and visitors to campus as LSCO's Official Welcome Center. This Welcome Center will be a one-stop location for students to learn about the campus, meet with an advisor about future classes, obtain a student ID, and more essential functions of our College; effectively and efficiently having been brought together in one welcoming, iconic structure in historic downtown Orange. LSCO will also partner with the City of Orange to enhance flood mitigation strategies in the vicinity of 5th Street and Green Avenue to ensure the investment is further maximized.

Background Checks – Lamar State College-Orange's statutory authority to conduct background checks on employees of the College comes from Texas Govt. Code Chapter 411 Subchapter (f) and Texas Education Code Section 51.215. It is Lamar State College-Orange's policy and practice to conduct such checks on all regular full and part time staff and faculty positions identified as security sensitive.

STRATEGY DESCRIPTION AND JUSTIFICATION:

The Infrastructure Support formula distributes funding associated with plant-related formulas and utilities. This formula is driven by the predicted square feet for universities' educational and general activities produced by the Coordinating Board Space Projection Model. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

(1) - Formula funded strategies are not requested in 2024-25 because amounts are not determined by institutions.

The mission of the Maritime – Able Bodied Seaman program is to serve the needs of the Maritime industry operating within the Sabine-Neches Waterway and adjacent offshore waters. The Sabine-Neches Waterway is the nation’s fourth largest waterway and plays a critical role in transporting petrochemical and military resources. The program provides training for individuals seeking entry level and intermediate level employment in a high wage/high demand, local opportunity in the Maritime industry. The program is also a vital resource in Southeast Texas for professional development opportunities for current employees of local Maritime business and industry .

STRATEGY DESCRIPTION AND JUSTIFICATION:

Non-formula support item funding is used to supplement faculty salaries and other institutional operating costs for various vocational and technical training programs. This non-formula support item has assisted the institution in providing needed funding so the College can deliver necessary instruction, purchase equipment and support the needs of the new programs. A reduction in these funds will result in the reduction of class offerings, instructional equipment purchases, professional development for faculty, and scholarship aid to students.

--	------	------

DESCRIPTION / JUSTIFICATION:

Lamar State College-Orange (LSCO) is requesting \$1,500,000 (750,000 per year) for program funding to support the development of a technical training center. In collaboration with Independent School Districts from the regions of Hardin, Jasper, Jefferson, Orange and Tyler counties, a Pathway in Technology Early College High School (PTECH) will be implemented. Career pathways of the technical training center will focus on high-wage, high-demand occupations for our immediate region. These high-demand occupations include construction managers, elementary school teachers, welders, vocational nurses, industrial machinery mechanics, and software developers, analyst, and testers. Students in grades 9-12 will graduate from the PTECH center and enter the workforce with an associate degree, level 1 or level 2 certificate, or an industry-based certification. There are many studies which state that over 60% of alumni from two-year colleges remain in the geographical area and these degree holders contribute an average of \$81,000 more to local economies than the average high school graduate without college credits.

EXTERNAL/INTERNAL FACTORS:

Major Accomplishments to date and expected over the next two years: N/A
 Year established and funding source prior to receiving special item funding: N/A
 Formula Funding: N/A
 Non-general revenue sources of funding: N/A
 Consequences of not funding: N/A

TOTAL, METHOD OF FINANCING		\$6,500,000	\$0

DESCRIPTION / JUSTIFICATION:

Lamar State College Orange is requesting \$6,500,000 in funding for disaster mitigation for the Welcome Center. The campus is located in Southeast Texas along the Sabine River and less than 40 miles from the Gulf of Mexico. Hurricanes and flooding have become a regular occurrence in this area. On August 24th, 2020 Hurricane Laura entered the Gulf of Mexico. In the early hours of August 27th, Hurricane Laura visited the area as a strong Category 4 Hurricane attacking the gulf coast community of Orange, Texas. The small community of Orange, Texas sustained extensive damage and the College was no exception. The historic First Baptist Church on Green Avenue was donated to the college to be used as a Welcome Center but was heavily damaged during Hurricane Laura. To preserve the integrity of the building and maintain its historic appeal, Lamar State College Orange seeks this funding to cement the legacy of this building in its place in history, and moving forward, its purpose in a “new use” for the future – the focal point welcoming new students and visitors to campus as LSCO’s Official Welcome Center. This Welcome Center will be a one-stop location for students to learn about the campus, meet with an advisor about future classes, obtain a student ID, and more essential functions of our college; effectively and efficiently having been brought together in one welcoming, iconic structure in historic downtown Orange. LSCO will also partner with the City of Orange to enhance flood mitigation strategies in the vicinity of 5th Street and Green Avenue to ensure the investment is further maximized.

EXTERNAL/INTERNAL FACTORS:

Major Accomplishments to date and expected over the next two years: Repair and renovate the existing historic building to begin utilizing it as a Welcome Center.
 Year established and funding source prior to receiving special item funding: N/A
 Formula Funding: N/A
 Non-general revenue sources of funding: N/A

21.1%	Commodities	21.1 %	21.9%	0.8%	\$513,898	\$2,345,673	21.1 %	23.8%	2.7%	\$317,207	\$1,332,082	
	Total Expenditures		16.2%		\$706,321	\$4,357,648		25.6%		\$1,168,486	\$4,566,421	

B. Assessment of Attainment of HUB Procurement Goals

Attainment:

The agency attained and exceeded spending in one of five categories in which monies were expended (21.91% for Commodities) of the applicable HUB goals in FY 2020. The agency attained or exceeded spending in two of five categories in which monies were expended (42.17% for Special Trade and 23.81% for Commodities) of the applicable HUB goals in FY 2021.

Applicability:

Heavy construction were not applicable for FY 2020 and FY 2021. Professional Services was not applicable for FY 2020 and FY 2021.

Factors Affecting Attainment:

In FY 2020, this agency's total HUB expenditures were 16.21% compared to 11.74% for the State. In FY 2021, this agency's total HUB expenditures were 25.59% compared to 10.48% for the State. The COVID Pandemic was a direct factor in affecting attainment.

C. Good-Faith Efforts to Increase HUB Participation

Outreach Efforts and Mentor-Protégé Programs:

In both FY 2020 and FY 2021 Lamar State College Orange conducted outreach effort in order to increase the participation with HUB vendors by participating in the Senator Royce West Spot Bid Fairs. Lamar State College Orange also attended the Golden Triangle Minority Business Council Spot Bid Fair in FY 2020.

Lamar State College Orange did not have any mentor-protégé programs during this period. The college has "good-faith" effort to work towards this program.

Automated Budget and Evaluation System of Texas (ABEST)

Date: **8/4/2022**
Time: **11:47:50AM**

Agency Code: **787** Agency: **Lamar State College - Orange**

HUB Program Staffing:

The Director of Purchasing and Contracts at Lamar State College Orange serves as the HUB Coordinator. The HUB Coordinator meets with HUB vendors, completes all the HUB reporting, and participates in the statewide and regional HUB Expos.

Current and Future Good-Faith Efforts:

The agency made the following good faith efforts to comply with statewide HUB procurement goals per Texas Government Code 2161.181. Ensured the contract specifications, terms and conditions reflecting the agency's actual requirements were clearly stated and did not impose unreasonable or unnecessary contract requirements. Distribution information on procurement procedures in a manner that encouraged participation in agency's contracts by all businesses. Agency participated in several HUB events to network and create business opportunities with HUB vendors both locally and statewide.

Allied Health Programs

(1) Year Non-Formula Support Item First Funded:	2016
Year Non-Formula Support Item Established:	2016
Original Appropriation:	\$577,000

(2) Mission:

The mission of this non-formula support item is to expand existing Health Professions programs and course offerings at Lamar State College Orange meeting the needs of the local health care community while creating high wage/high demand career prospects for our students. Current programs offered through LSCO's Health Professions department are: Medical Assisting; Dental Assisting; Emergency Medical Services; Pharmacy Technology; Transition Registered Nurse; and Vocational Nursing.

(3) (a) Major Accomplishments to Date:

LSCO has added short certificates and degrees within programs to allow students the opportunity to stack credentials that lead to high wage and high demand jobs. LSCO's Pharmacy Technology Program was recently reaccredited by ASHP; the only accredited Pharmacy Technology program in Southeast Texas or Southwest Louisiana. Spring 2022 enrollment increased 52% from last year. The Medical Assisting Program's Spring 2022 enrollment is up 120% compared to Spring 2021. The Medical Assisting Program is a dual credit option for students interested in pursuing a healthcare major that affords students three separate healthcare licensing opportunities. The Emergency Medical Services Program offers the Emergency Medical Technician and Intermediate Emergency Medical Technician certificates. EMT enrollment increased 40% between 2021 and 2022. The Dental Assisting program's enrollment is at capacity with the program increasing 8% during 2022. The Vocational Nursing (VN) Program's retention is 80%; graduating approximately 100 VN in 2021 and 2022. The Transition Nursing Program – vocational nursing (VN) to registered nursing (RN) added a second admissions and start to the RN program to address the issues of maximum capacity. The program continues to have one of LSCO's highest retention with more than 90% of students retained.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Create an Associate's Degree Nursing program (standalone RN program) affording students the ability to enter the workforce as a registered nurse after completing a two-year nursing program. The program's enrollment will be limited due to number of available clinical sites and approved faculty positions. The Dental Assisting program will seek accreditation through the Commission on Dental Accreditation. Students will pursue the national certification with the Dental Assisting National Board. Additional awards will be added to the Emergency Medical Services Program, expanding LSCO's program to a Paramedic certificate and Paramedic Associate of Applied Science. This will provide a pipeline of trained and educated first responders to a profession that experienced 50% of the workforce resigning during the height of COVID-19. The Pharmacy Technology Program is expected to graduate its first cohort of Associate of Applied Science completers in 2022-2023, upon earning the Basic and Pharmacy Technology certificates. The Dental Assisting Program's expansion of awards with a new short certificate and the Associate of Applied Science degree will allow for dual credit enrollment and stackable credentials. Hiring 4-6 highly qualified faculty for the A.D.N. program expansion.

787 Lamar State College - Orange

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

None

(5) Formula Funding:

Students enrolled will qualify for formula funding.

(6) Category:

Instructional Support

(7) Transitional Funding:

N

(8) Non-General Revenue Sources of Funding:

None

(9) Impact of Not Funding:

New course and program development will not be possible without the funding of this non-formula support. Faculty, equipment, and supplies are needed to support each major plan noted for the next two years.

(10) Non-Formula Support Needed on Permanent Basis/Discontinuu

No

(11) Non-Formula Support Associated with Time Frame:

N/A

(12) Benchmarks:

When programs generate formula funding to sufficiently cover program costs.

(13) Performance Reviews:

787 Lamar State College - Orange

A local needs assessment completed in Spring 2022 confirmed the ongoing need for all health care professionals in Southeast Texas, including nurses, EMTs, pharmacy technicians, and medical assistants. Health Care and Social Assistance occupations is the fastest growing sector for the Southeast Texas workforce development area and Health Care and Social Assistance is currently predicted to be the sector with more growth in the future.

Faculty salaries and program expenses, along with enrollment and employment data from the local assessment were part of the overall programmatic analysis. Prominent findings were the faculty needs: Transition program (VN to RN), there is a dire need to hire 5-7 faculty for the program's expansion and the creation of the standalone RN program (the associate's degree nursing). Additionally, a Pharmacy Technology adjunct positions is needed to accommodate the program's growth. The needed faculty roles can be considered with the additional funding. The Dental Assisting accreditation process will cost \$8,000-\$10,000. This expenditure can be considered with the additional funding.

787 Lamar State College - Orange

Disaster Mitigation for Welcome Center

(1) Year Non-Formula Support Item First Funded: 2024
Year Non-Formula Support Item Established: 2024
Original Appropriation: \$6,500,000

(2) Mission:

The historic First Baptist Church on Green Avenue that was donated to the college to be used as a Welcome Center but was heavily damaged during Hurricane Laura. The college will partner with the City of Orange to enhance flood mitigation strategies in the vicinity of 5th Street and Green Avenue to ensure the investment is further maximized.

(3) (a) Major Accomplishments to Date:

The historic First Baptist Church was donated to the college to use as a Welcome Center. The college has plans to create a Welcome Center that will be a one-stop location for students to learn about the campus, meet with an advisor about future classes, obtain a student ID, and more essential functions of our college.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Work with the City of Orange to enhance flood mitigation strategies in the vicinity of 5th Street and Green Avenue. The college will also begin repairs for reconstructing the building to become a Welcome Center.

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

N/A

(5) Formula Funding:

N/A

(6) Category:

Institutional Enhancement

(7) Transitional Funding:

N

(8) Non-General Revenue Sources of Funding:

None

(9) Impact of Not Funding:

787 Lamar State College - Orange

The college would have to spend institutional funding to work on the flood mitigation and extend the time period by which the Welcome Center would be open for use by our students.

Institutional Enhancement (Academic & Student Support)

(1) Year Non-Formula Support Item First Funded:	2000
Year Non-Formula Support Item Established:	2000
Original Appropriation:	\$1,099,987

(2) Mission:

Non-formula support item funding is used to supplement faculty salaries and other institutional operating costs for various vocational and technical training programs. This non-formula support item has assisted the institution in providing needed funding so the College can deliver necessary instruction, purchase equipment and support the needs of the new programs. A reduction in these funds will result in the reduction of class offerings, instructional equipment purchases, professional development for faculty, and scholarship aid to students.

(3) (a) Major Accomplishments to Date:

The institutional Enhancement appropriation is used to fund faculty salaries and support related instructional costs for classrooms. Due to expanding course offerings and expanding our programs that we offer in recent years, these funds are critical to meet additional faculty salary demands. In addition, funds are used to purchase needed equipment.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Due to reduced tuition and fees, the college relies upon Institutional Enhancement funding to adequately meet the instructional needs of the campus. These funds will enable the campus to achieve its mission and goals in FY 2024 and FY 2025.

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

N/A

(5) Formula Funding:

None

(6) Category:

Institutional Enhancement

(7) Transitional Funding:

N

(8) Non-General Revenue Sources of Funding:

None

787 Lamar State College - Orange

(9) Impact of Not Funding:

Failure to fund this request will severely restrict the ability of Lamar State College Orange to maintain operations and to respond to unique opportunities for expanding educational opportunity. Faculty salaries must be funded as a key component of program operations. It will impair the campus efforts to keep abreast of current technology and implement new programs. It would reduce available financial aid and have a negative impact on student recruitment and retention.

(10) Non-Formula Support Needed on Permanent Basis/Discontinuu

Yes

(11) Non-Formula Support Associated with Time Frame:

N/A

(12) Benchmarks:

N/A

(13) Performance Reviews:

The Institutional Enhancement appropriation is used to fund faculty salaries and support related instructional costs for classrooms. Due to expanding course offerings and expanding our programs offered in recent years, these funds are critical to meet additional faculty salary demands. In addition, funds are used to purchase needed equipment.

787 Lamar State College - Orange

Maritime Program

(1) Year Non-Formula Support Item First Funded:	2016
Year Non-Formula Support Item Established:	2016
Original Appropriation:	\$500,000

(2) Mission:

The mission of the Maritime – Able Bodied Seaman program is to serve the needs of the Maritime industry operating within the Sabine-Neches Waterway and adjacent offshore waters. The Sabine-Neches Waterway is the nation’s fourth largest waterway and plays a critical role in transporting petrochemical and military resources. The program provides training for individuals seeking entry level and intermediate level employment in a high wage/high demand, local opportunity in the Maritime industry. The program is also a vital resource in Southeast Texas for professional development opportunities for current employees of local Maritime business and industry.

(3) (a) Major Accomplishments to Date:

The Maritime Technology Program funding provides the funds for four Maritime faculty who have over 150 years’ experience on the waterways throughout the county. The Maritime Programs has dedicated campus space and specialized industry equipment for training ordinary seamans, deckhands, and seafarers. The initial phase of the Coast Guard approved curriculum has been implemented and the curriculum has expanded to three stackable credentials that lead to employment opportunities and/or bachelor degree transfer options.

The program is offered for both adult learners and dual credit students. Each certificate can be completed in one semester for campus students or one year (Fall and Spring semesters) for dual credit students.

LSCO has an articulation agreement with Texas A&M University-Galveston to allow Maritime students to seamlessly transfer to the TAMUG bachelor program.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Develop new student cohorts for the existing entry level award and newly created awards in the program. The largest independent school district in Southeast Texas will enroll dual credit students, in turn providing an opportunity to go to work right out of high school or to continue their higher education goals to complete the three Maritime certificates. New curriculum in the field of Logistics and Business Management will combine with the Maritime curriculum to train students in the field of Logistics Management – Maritime emphasis. These expansions will increase the need for additional faculty.

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

None

(5) Formula Funding:

Students enrolled will qualify for formula funding.

(6) Category:

Instructional Support

787 Lamar State College - Orange

(7) Transitional Funding:

N

(8) Non-General Revenue Sources of Funding:

None

(9) Impact of Not Funding:

Failure to fund this request will prohibit growth and eliminate program development progress made thus far by LSCO to meet the local demands of Maritime business and industry. Failure to fund will restrict the ability of LSCO to respond to dual credit needs and it further limits employment opportunities for those seeking employment in the Maritime industry.

(10) Non-Formula Support Needed on Permanent Basis/Discontinuu

No

(11) Non-Formula Support Associated with Time Frame:

N/A

(12) Benchmarks:

When program generates formula funding to sufficiently cover program costs.

(13) Performance Reviews:

The Maritime program is supported by the Southeast Texas Waterway Advisory Council, the Ports of Orange, Beaumont, and Port Arthur. Several local employers, including a new company relocating to Orange, guide the Maritime Program as members of the Advisory Committee The US Coast Guard approved curriculum has been identified as a significant aspect of the program since students can earn credentials recognized by employers.

787 Lamar State College - Orange

Technical Training Center (PTEC)

(1) Year Non-Formula Support Item First Funded: 2024
Year Non-Formula Support Item Established: 2024
Original Appropriation: \$750,000

(2) Mission:

Lamar State College Orange to collaborate with Independent School Districts from the regions of Hardin, Jasper, Jefferson, Orange and Tyler counties, a Pathway in Technology Early College High School (PTECH) will be implemented. Career pathways of the technical training center will focus on high-wage, high-demand occupations for our immediate region. These high-demand occupations include construction managers, elementary school teachers, welders, vocational nurses, industrial machinery mechanics, and software developers, analyst, and testers. Students in grades 9-12 will graduate from the PTECH center and enter the workforce with an associate degree, level 1 or level 2 certificate, or an industry-based certification.

(3) (a) Major Accomplishments to Date:

Lamar State College Orange has developed a successful relationship with the ISD's in the region while supplying existing Dual Credit and Early College High School education to their students.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Work with the Independent School Districts from the region to implement a Pathway in Technology Early College High School.

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

None

(5) Formula Funding:

Students enrolled will qualify for formula funding.

(6) Category:

Instructional Support

(7) Transitional Funding:

N

(8) Non-General Revenue Sources of Funding:

None

787 Lamar State College - Orange

(9) Impact of Not Funding:

The college would continue the existing Dual Credit and Early College Highschool programs without being able to offer the Pathways in Technology.

(10) Non-Formula Support Needed on Permanent Basis/Discontinuu

Yes

(11) Non-Formula Support Associated with Time Frame:
